

MOLE VALLEY DISTRICT COUNCIL – POLLING STATION REVIEW 2019-20

The Returning Officer (RO) considers that the polling places/stations proposed for use represent the most suitable locations available to serve the electors of the Mole Valley Polling Districts. Where polling stations are not wholly accessible to voters with disabilities, efforts will continue to encourage and support improvements to access where possible or to seek more suitable alternatives. Whilst every effort is made to ensure that polling stations are accessible and convenient to all electors, suitable premises are not always available within the surrounding area.
